i39;d say it39;s no worse, really, than having something like a root canal at the dentist (which i39;ve also experienced)

the tool that everyone says you should be using, and the tool that will make you hate yaml syntax errors

not sure what set it off, but it8217;s perhaps the first one in two weeks

i used to use the clairol shimmer but decided to try some different ones

constipation is most often caused by a low-fiber diet, lack of exercise, dehydration, or delay in going to the bathroom when you have the urge to defecate

i just want to mention i am just beginner to blogs and actually liked this blog

i happen to be a salesman and technician at a canadian staples business depot
